

# 4th Conference on Multidisciplinary management of thyroid cancer

**June 20, 2024**

## Coordinators:

**Teresa Alonso** MD, PhD. Medical Oncology Department  
Hospital Universitario Ramón y Cajal, Madrid

**Pablo Valderrábano** MD, PhD. Endocrinology and Nutrition Department  
Hospital Universitario Ramón y Cajal, Madrid

**Joaquín Gómez** MD, PhD. Endocrine Surgery Unit  
Hospital Universitario La Paz/Hospital Rúber Juan Bravo, Madrid

## Madrid

Hospital Universitario Ramón y Cajal  
Salón de Actos

# 4th Conference on Multidisciplinary management of thyroid cancer

Madrid - June 20, 2024

## PRELIMINARY SCIENTIFIC PROGRAM

09:50 - 10:00h	<b>Welcome</b>	13:10 - 14:00h	<b>Lunch</b>
10:00 - 11:15h	<b>Session I: Getting ready for molecular testing in indeterminate thyroid nodules</b> <b>Chair: Pablo Valderrábano</b> MD, PhD. Endocrinology and Nutrition Department Hospital Universitario Ramón y Cajal, Madrid	14:00 - 16:05h	<b>Session III: Advanced disease: systemic therapy</b> <b>Chair: Teresa Alonso</b> MD, PhD. Medical Oncology Department Hospital Universitario Ramón y Cajal, Madrid
10:00 - 10:20h	<b>Upstream optimization of the clinical pathway for a correct interpretation of molecular test results in thyroid nodules with indeterminate cytology</b> <b>Ralf Paschke</b> MD, PhD. Professor of Medicine and Endocrinology, Oncology, Pathology and Biochemistry & Molecular Biology University of Calgary, Canada	14:00 - 14:30h	<b>Neoadjuvant strategy in advanced thyroid cancer</b>
10:20 - 10:40h	<b>ThyroSPEC data</b> <b>Ralf Paschke</b> MD, PhD. Professor of Medicine and Endocrinology, Oncology, Pathology and Biochemistry & Molecular Biology University of Calgary, Canada	14:00 - 14:10h	<b>From the point of view of the pathologist</b> <b>Ignacio Ruz Caracuel</b> MD. Pathology Department Hospital Universitario Ramón y Cajal, Madrid
10:40 - 11:00h	<b>ThyroidPrint data</b> <b>Hernán González</b> MD, PhD. Professor of Head and Neck Surgery Pontificia Universidad Católica de Chile. Santiago, Chile	14:10 - 14:20h	<b>From the point of view of the medical oncologist</b> <b>Jaume Capdevila</b> MD, PhD. Medical Oncology Department. Gastrointestinal and Endocrine Tumor Unit Hospital Universitari Vall d'Hebron, Barcelona
11:00 - 11:15h	<b>Discussion</b>	14:20 - 14:30h	<b>From the point of view of the endocrine surgeon</b> <b>Henning Dralle</b> MD, FRCS, FACS, FEBS. General, Visceral and Transplantation Surgery Department Essen University Hospital, Germany
11:15 - 11:35h	<b>Coffee break</b>	14:30 - 15:30h	<b>How can we personalize the therapeutic sequence in advanced thyroid cancer?</b>
11:35 - 13:10h	<b>Session II: Recent changes in diagnosis and surgical approach in thyroid cancer</b> <b>Chair: Joaquín Gómez</b> MD, PhD. Endocrine Surgery Unit Hospital Universitario La Paz/Hospital Rúber Juan Bravo, Madrid	14:30 - 14:50h	<b>The role of multikinase inhibitors. How can we optimize their activity?</b> <b>Kate Newbold</b> MD, FRCR, MRCP, MBChB. Consultant Clinical Oncologist Thyroid Unit, Royal Marsden NHS Foundation Trust, Sutton, UK
11:35 - 11:55h	<b>Fluorescence and autofluorescence as prevention of postsurgical hypoparathyroidism</b> <b>Patricia Luengo</b> MD, PhD. General and Digestive Surgery Unit Hospital Universitario Ramón y Cajal, Madrid	14:50 - 15:10h	<b>The role of selective inhibitors. Where we are and where we stand for</b> <b>Jaume Capdevila</b> MD, PhD. Medical Oncology Department. Gastrointestinal and Endocrine Tumor Unit Hospital Universitari Vall d'Hebron, Barcelona
11:55 - 12:15h	<b>Utility of the assessment of desmoplasia and capsular rupture to determine the extent of surgery in medullary thyroid cancer</b> <b>Henning Dralle</b> MD, FRCS, FACS, FEBS. General, Visceral and Transplantation Surgery Department Essen University Hospital, Germany	15:10 - 15:30h	<b>The role of redifferentiation to radioiodine</b> <b>Sophie Leboulleux</b> MD, PhD. Endocrinology Department Hôpitaux Universitaires de Genève, Switzerland
12:15 - 12:35h	<b>Genomic and phenotypic correlation in thyroid cancer. Practical aspects for everyday practice</b> <b>Catarina Eloy</b> MD, PhD. Head of the Pathology Laboratory of Instituto de Patologia e Imunologia Molecular da Universidade do Porto (IPATIMUP), Portugal	15:30 - 15:50h	<b>Nutritional intervention in patients with advanced thyroid cancer</b> <b>José Ignacio Botella-Carretero</b> MD, PhD, MBA. Endocrinology and Nutrition Department Hospital Universitario Ramón y Cajal, Madrid
12:35 - 12:55h	<b>Molecular evaluation of advanced thyroid cancer: efficient testing and possible pitfalls</b> <b>Markus Eszlinger</b> MD, PhD. Molecular Pathology Coordinator and Scientific Head Molecular Pathology University Hospital Halle (Saale), Germany	15:50 - 16:05h	<b>Discussion</b>
12:55 - 13:10h	<b>Discussion</b>	16:05 - 16:35h	<b>Multidisciplinary committee. Clinical case discussion</b>
		16:35 - 16:45h	<b>Conclusions and closing remarks</b>
